SUMMARY

Motivated Computer Science undergraduate with practical experience in full-stack development, real-time applications, and AI-based projects. Proficient in Python, Django, React, Java, and database systems with strong knowledge of data structures, problem-solving, and software engineering principles.

EDUCATION

Dronacharya Collage Of Engineering <i>Bachelor of Engineering in Computer Science and information technology</i>	Gurugram, Haryana 2026
Shaheed Bhagat Singh Inter Collage <i>Intermediate (HSC)</i>	japla, Jharkhand 2022
Sanskar Vidya K City Daud Nagar Aurangabad Bihar <i>Matriculation (SSC)</i>	Aurangabad, Bihar 2020

EXPERIENCE

Software Engineering Intern <i>Centre for Railway Information Systems (CRIS)</i>	Jul 2025 – Nov 2025 New Delhi, On-Site
- Received hands-on training in Software Engineering at Centre for Railway Information Systems (CRIS). - Worked on software development tasks with exposure to enterprise-level IT systems and workflows. - Gained experience in software engineering practices within a government technology environment.	
Frontend Intern <i>Tangleknot Digital Solutions LLP</i>	Jun 2024-Jul 2024 Gurugram, Haryana
- Worked at Tangleknot Digital Solutions LLP on web development, digital marketing, and app development projects. - Assisted in building and maintaining digital solutions to improve user engagement and business growth. - Collaborated with team members to deliver innovative and client-focused technology solutions.	

PROJECTS

AI Interview Platform <i>MERN Stack, OpenAI, API</i>
- Built an AI-powered interview platform that generates role-specific questions using resume parsing and prompt engineering. - Implemented real-time AI evaluation system providing feedback, scoring, and performance insights on user responses. - Developed scalable MERN architecture with secure authentication and interview session tracking.
CodeBase-Q/A <i>React, TypeScript, pgvector, PostgreSQL, google gemini</i>
- Developed the frontend interface for an AI-powered codebase Q/A system with a clean and user-friendly design. - Integrated semantic search and LLM-based response features to help developers understand repositories faster.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL
Frontend: HTML, CSS, React
Backend: Node.js, Express.js, FastAPI
Databases: PostgreSQL, MongoDB, Oracle
Tools/Platforms: Git, GitHub, VS Code

CERTIFICATES

Centre for Railway Information Systems (CRIS) , New Delhi
SWAYAM NPTEL (Cloud Computing)
SWAYAM NPTEL (Air Pollution and Control)
Apna College(DSA with Java)
Infosy, Springboard(Frontend web developer)
Hp Life(AI for beginners)
